This Administrative Regulation is written in accordance with the guiding principles in Policy No. BA-8.1, Student Eligibility.

Special/additional transportation may be provided by the Board for students on the basis of verifiable medical, physical or emotional reasons. All requests will be reviewed annually.

To assist parent(s)/guardian(s) to ensure sufficient information is provided by a physician, they should obtain from the school or Education Centre the Medical Form developed by the Board. Submission of the Medical Form does not automatically guarantee transportation. A copy of the form is attached as Appendix A to this Administrative Regulation.

The completed Medical Form should be returned to the Student Transportation Services by either the school or parent(s)/guardian(s) directly.

Student Transportation Services will review the forms and render a decision, and where applicable, Student Transportation Services may contact the physicians' office to seek clarification and/or to discuss the contents of the Medical Form. The parent(s)/guardian(s) will be contacted and advised of the decision.

Siblings of students transported under this provision will not qualify for transportation solely as a result of another family member being transported. If approved Student Transportation Services will arrange transportation and advise the parent(s)/guardian(s) accordingly.
